Our mission is to empower the Ravenswood and Belle Haven communities by offering culturally-relevant support to kids, parents and teachers for behavior, social emotional well-being and learning. This highly-effective, needs-based service model provides on-the-ground bilingual parent education and consultations, teacher professional development and clinical services for mental health and learning concerns.

Services We Offer (in English and Spanish):

- Parent consultations & short-term support
- Psychoeducation & referrals to community resources
- Individual therapy, family therapy & parent coaching
- Workshops/trainings for parents, schools & community providers
- Community leadership & convening
